## PROFESSIONAL EXPERIENCE

### **Amazon, Hamburg — Business Intelligence Analyst(Risk Management)**

December 2024 – Present

- Developed and maintained risk dashboards for delivery operations using PowerBI and Amazon Quicksight
- Automated data monitoring processes and supported operational decision-making across logistics.
- Collaborated cross-functionally to resolve partner risks and optimize network performance.

**Tools:** Excel, Amazon Quicksight, PowerBI

## EDUCATION

### **Free University of Bolzano, Bolzano, Italy**

Bachelor of Science in Computer Science

2019 – 2025

## TECHNICAL PROJECTS

### **Pista – Startup Pitch Evaluator**

- Built a full-stack web app using Next.js and OpenAI to evaluate startup pitches
- Secured user authentication with **Clerk** and used **Convex** for backend logic

### **Delivery Metrics Dashboard**

- Built a data visualization app to monitor delivery performance using **Next.js**, **AWS**, and **PowerBI**
